PROFESSIONAL SUMMARY

Tech Analyst with **4+ years of experience** building backend and full-stack applications using **Java, Spring Boot, Spring Security, React, and SQL**. Experienced in designing **secure REST APIs**, optimizing enterprise applications, and developing scalable systems with a strong focus on reliability and performance.

TECHNICAL SKILLS

Languages: Java, JavaScript, TypeScript, C++, SQL

Backend: Spring Boot, Spring Security, Spring Data JPA, Hibernate, REST APIs, JWT, OAuth2, Maven

Frontend: React.js, TanStack Query, Zustand, Tailwind CSS, HTML5, CSS3

Database: PostgreSQL, SQL Server

Tools & Platforms: Git, GitHub, Swagger/OpenAPI, Postman, Jira, IntelliJ IDEA, VS Code

Core Concepts: Microservices, System Design, Multithreading, OOP, SOLID Principles, Design Patterns, RESTful Architecture, DSA

WORK EXPERIENCE

Tech Analyst

January 2026 – Present

Infosys Ltd.

Pune, India

- Promoted to **Tech Analyst** in recognition of strong technical ownership and consistent delivery of enterprise solutions.
- Develop and optimize Java/Spring Boot REST APIs, SQL queries, and backend workflows to improve application performance and reliability.

Senior System Engineer

October 2023 - December 2025

Infosys Ltd.

Pune, India

- Designed and developed a **full-stack audit tracking platform** for monitoring sensitive database changes across enterprise systems.
- Automated audit verification workflows, reducing manual effort by approximately **25 minutes per developer task**.

System Engineer.

September 2021 - September 2023

Infosys Ltd.

Pune, India

- Served as the **technical owner** for a critical enterprise application supporting business operations.
- Refactored existing codebase to improve application efficiency, resulting in a **20% performance improvement**.

PROJECTS

Full-Stack E-Commerce Platform

Java, Spring Boot, Spring Security, React, PostgreSQL, Stripe, Razorpay, JWT, OAuth2

- Built a **multi-role e-commerce platform** supporting Customer, Seller, and Admin workflows across product catalog, cart, checkout, orders, inventory, and payments.
- Implemented **secure authentication and authorization** using Spring Security, JWT, OAuth2, and rotating refresh tokens with role-based access control.
- Engineered **reliable checkout and payment flows** using idempotency, concurrency-safe inventory reservations, Stripe/Razorpay integration, and webhook verification/deduplication to prevent duplicate orders and overselling.

EDUCATION

Lovely Professional University

Punjab, India

B.Tech in Computer Science Engineering — CGPA: 8.0/10

August 2017 - July 2021

ACHIEVEMENTS AND CERTIFICATIONS

- Received Infosys **INSTA Award in 2023, 2024, 2025** for outstanding contribution and performance.
- Received **Client Gem Recognition** and **Infosys Rising Star Award** for high-impact contributions.
- Solved **1500+ DSA problems** across platforms including LeetCode, GeeksforGeeks, and CodeStudio.
